CHAIN REMOVAL SYSTEMS FOR ALL MACHINES

Combination of a chain removal vacuum and a TBV-110LT 3-position air switch, which can be ordered with or without a waste bag for collection. Air switch supplies compressed air to chain removal vacuum only when machine is sewing. **All Templex chain removal systems can be used with any type of chain cutter on any machine regardless of manufacturer.**

Templex Chain Removal Systems include a combination of two or more of the following components: TBV-200 Chain Removal Vacuum Assembly, TBV-110LT 3-Position Lite-Touch Treadle Rod Air Switch ¼"/ 6mm air supply, TBV-130 24 VDC Solenoid 2-way Air Switch, TBV-138 24 VDC Solenoid 3-way Air Switch, large capacity TBV-190 waste bag. The TBV-190 waste bag unit features a 3/4" inlet port and a 1 1/2" inlet port for upgrade to a Waste Removal or Chain & Waste Removal. Includes 10 ft. of ¼"/ 6mm compressed air supply tubing. * A Lite-Touch Treadle Rod Air Switch can also be used on electronic motors with or without a 24 VDC motor run signal.

CHAIN REMOVAL SYSTEMS FOR MACHINES EQUIPPED WITH CHAIN CUTTER ONLY

Using Clutch & Electronic Motors

TBV-304LT

Chain Removal & Footlift Activation Only

TBV-304LT
$90.00

Consist of:
TBV-110LT
TBV-200

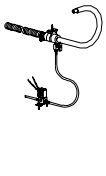
TBV-369LT

Chain Removal Footlift Activation & Collection

TBV-369LT
$133.00

Consist of:
TBV-110LT
TBV-200
TBV-190

Using Electronic Motors w/24 VDC Motor Run Signal



TBV-303

Chain Removal Only

TBV-303
$83.00

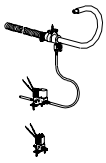
Consist of:
*TBV-130
TBV-200

TBV-368

Chain Removal & Collection

TBV-368
$126.00

Consist of:
*TBV-130
TBV-200
TBV-190

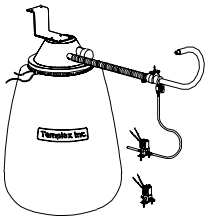


TBV-305

Chain Removal & Footlift Activation Only

TBV-305
$137.00

Consist of:
*TBV-130
*TBV-138
TBV-200



TBV-372

Chain Removal & Footlift Activation & Collection

TBV-372
$180.00

Consist of:
*TBV-130
*TBV-138
TBV-200
TBV-190
