EASY TO USE!

GUNTHER SEAL-KWIK™ MIRROR EDGE SEALER

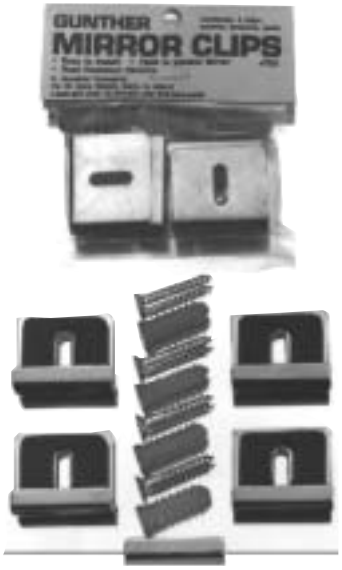

A safe, proven formula for protecting mirror edges against black edge and other contaminants

LABOR SAVING! All-in-one package with dauber top and screw off cap makes a fast, easy job of mirror edge sealing.
ECONOMICAL! One 4 oz. bottle lasts and lasts. Covers 20,000 linear inches of mirror edge. No noxious odor.
FAST DRYING! Dries clear, will not yellow or crack over time. Non-flammable.
QUALITY! Careful quality control assures a consistent formula and proven compatible with mirror backing.

GUNTHER MIRROR CLIPS

Compare Gunther Mirror Clips with other clips and you'll see ours are made of top-quality materials.

- Each package contains a set of four padded clips with screws and wall anchors.
- Easy to read instructions.
- Clips are Brite rust-resistant chrome finish.
- Each clip is padded on the back to protect the back of the mirror from being scratched by the screw heads. It also holds mirror into front of leg.
- Heavyweight clip provides excellent support for mirrors.
- Slotted screw holes allow for ease of installation.
- Packages are designed for easy display. Ask for #700 mirror clips.

C.GUNTHER COMPANY NUMBER ONE IN QUALITY PRODUCTS

PROVEN BEST!

GUNTHER MIRROR MASTICS

ULTRA/BOND™ AND EXTRA/BUILD™

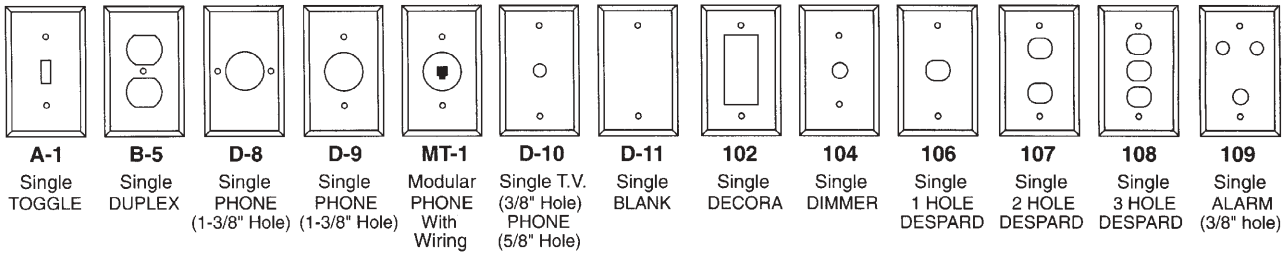

The mastic of choice for the new MGM Grand and Treasure Island Resorts in Las Vegas.

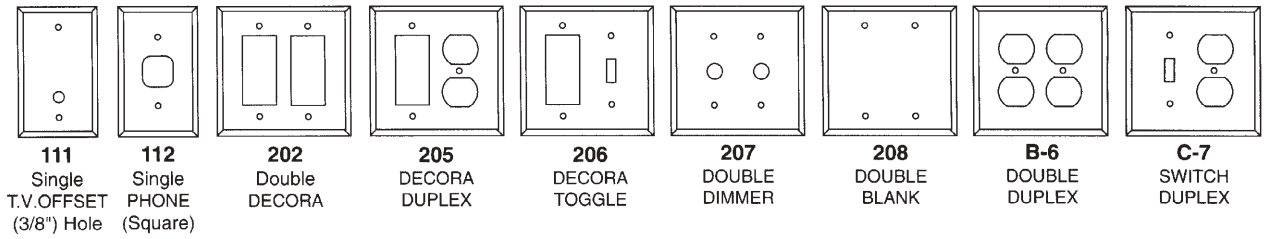

Two time tested superior bonding mirror mastics designed for durable, quality installations.
• **Ultra/Bond** gives the ultimate in convenient drying and strength. It can be gunned from cartridges at a wide variety of temperatures, cutting waste while saving time. A unique formulation gives ultimate bonding while remaining flexible for structural and temperature changes over the life of the installation.
• Extra/Build is formulated for uneven or bowed walls, and can be gunned from cartridges at a wide variety of temperatures. Builds up to 2-1/2" without sag giving full adjustability.
Has strong adhesion and will not become brittle over time.

ANDSCOT QUALITY FOAM MOUNTING TAPES FOR USE WITH ALL MIRROR PRODUCTS

- As a shim the tape keeps butted mirror edges on the same plane for straight reflection lines.
- Tape can be folded easily to create needed thickness.
- Firmly secures mirror to painted or unpainted metal bifold doors.
- Mounts beveled mirror overlays onto mirrored wall.
- A must when attaching aluminum extrusions to glass for shower doors.
- Acts as a gasket between glass to glass portions of glass furniture.
- Tape will not be affected by mastic used bond mirror to wall.

Our foam tape has been tested by mirror manufacturers and is chemically compatible with all coatings including UV cured and lead-free mirror paint backings. It will not corrode the mirror backing or cause ghosting.

Provides production flexibility

- Tape can be applied to either surface first.
- Safe - Our cured, pressure sensitive adhesive is safe for workers to handle and is environmentally sound.
- The paper liner is biodegradable.
- Consistent performance is engineered into all our tapes - Adhesive mass is the same every time.

WHEN TO USE…	R UBBER	OR	ACRYLIC
Bifold Doors	X		
Shower Enclosures	X		
Beveled Overlays	X		X Acrylic allows for repositioning
